

Dear Parents,

One of our key outcomes for students at Wheaton Academy is to help prepare them for the next steps in their educational journey, including helping them to find a college that fits them well. As we seek to help them navigate that process, we use the PSAT suite of tests. These tests provide a number of advantages to students and families as they seek to prepare for either the SAT or ACT in the college admissions process.

On Wednesday, October 10 our school will administer the PSAT 8/9™ to all freshmen and the PSAT/NMSQT to all sophomores/juniors. These exams focus on the classroom skills and knowledge your child will need to be successful in college. The PSAT 8/9 and PSAT/NMSQT will assist Wheaton Academy to help your child in several ways.

- Test results show your child where his or her strengths are, what to work on to be college-ready, and how to stay on track from 9th – 12th grade.
- Get stronger with practice. After the test, your child can strengthen essential skills and knowledge for the PSAT/SAT with free personalized practice on Khan Academy®.
- Online reports are provided to students and educators, allowing them to act on test results and get additional practice in areas that need improvement.
- Provides entry into the National Merit Scholarship Program via the PSAT/NMSQT (Junior year).
- Connects students to potential scholarships via the PSAT/NMSQT (Junior year).

It is important to know that colleges and universities accept both the ACT and SAT for admissions purposes. Some students find that they prefer to take the ACT or the SAT or sit for both exams and see which score will serve them better for admissions and scholarship purposes. Wheaton Academy is now a test center for both the ACT and SAT examinations at various points throughout the year.

As you consider the October 10 testing date, here are some important ways you can support your student:

- Explain to them the value of this test both for now and the future as you seek to navigate the college admission process.
- Encourage them to do their absolute best on the test.

On October 10, we will dismiss school after the testing is complete. Even though this is a half-day of school, it is a critical day, not only for Wheaton Academy to gain valuable data on how to continue to help our students' achievement, it is also a critical day for each individual student as this test will be extremely valuable in preparing students for the college admissions process. Thank you in advance for your support in having your student at school and ready for this important day. If you have any questions, please feel free to contact any members of our Student Services or Administrative team.

Thank you in advance for partnering with us on this very important day,

Kori Hockett
Principal, Wheaton Academy
