# MASTER AND FINE ARTS ELECTIVES

## How They Work in Concert

It is our goal at Wheaton Academy to give you the opportunity to explore your passions. Maybe you already know what you want to do when you graduate high school. If that is the case, great! We want to provide you with plenty of opportunities at Wheaton Academy to develop the skills you will need to excel in your field of interest. If we can help you find a specific class or opportunity, let us know!

Maybe you do not yet know what you want to do when you graduate high school. If that is the case, do not worry. There is plenty of time for you to discover where your passions and God's leading intersect. In the meantime, we encourage you to explore a variety of different courses at Wheaton Academy so that you get a taste for the different opportunities that are available to you.

Here are a few suggestions of electives you can take during your time at Wheaton Academy. These groups of classes focus on similar skills, but in different areas. These combinations will develop these skill sets while also showing integrated applications.

### **If you want to explore building and creating things, take:**

- 3D Design
- Sculpture
- Introduction to Python Programming

### **If you want to understand the world in different ways, take**

- Digital Photography
- Genetics and Biological Research
- Masterworks
- Who Lives, Who Dies, Who Tells Your Story: The Ethics of Science and Storytelling

### **If you want to learn how to explain and convey information, take:**

- Graphic Design
- Statistics
- AP Seminar
- WATV

### **If you want to explore being a part of a creative team, take:**

- Band/Orchestra
