# THE RENAISSANCE SCHOLAR

Some students have sincere interest in a little bit of everything, and to pigeon-hole them into a fixed schedule would stifle their creativity. These students can follow the renaissance scholar schedule to not only excel academically but thrive in fine arts and on the athletic field. Wheaton Academy offers individualized learning paths. The combination of Summer Academy Enrollment and taking PE classes during the school day allows this student to have additional time for after-school commitments.

# THE ATHLETE

Students often come into Wheaton Academy with their eyes set on the outstanding athletic programs and opportunities offered. The athlete schedule helps a student focus on developing the whole self through excellent academic opportunities and quality fitness training and coaching. This athlete took PE classes during the school day and focused on Business classes as electives. While students at Wheaton Academy excel on the athletic field, it all starts in the classroom.

# THE SPECIALIST

When students want to work toward advanced and specialized opportunities, we partner with families to create a schedule for these future goals. This schedule includes study hall enrollment which allows this student margin to maintain excellence after school in areas like athletics, dance, equestrian pursuits, or business ventures. This schedule also includes advanced placement classes to work toward college credit.
