

## Wheaton Academy Service Team Opportunities

Wheaton Academy offers all students the opportunity to serve on campus in a variety of capacities which not only gives students valuable opportunities, but also helps to control budget costs. It is through the service of parents and students that Wheaton Academy is able to lower our maintenance costs and to partially fund financial assistance. Being a part of a WA Service Team meets one of the school contribution recommendations for those receiving financial aid. Enrolling in our program shows your investment in the school community and your commitment to making it stronger and more effective.

Wheaton Academy has service needs during the summer, before school, after school, and at sporting events. Please read through the service descriptions below and consider in which capacity you would like to serve our school community.

**Summer Service Weeks:** Students and parents will work together to prepare our school for the upcoming school year. There will be times of cleaning, scrubbing, and disinfecting the school. Parents may also sign up for individual tasks to be completed in their own time frame (such as painting).

**Summer Water Crew:** Students and parents will work together to water the school flowers and plants throughout the summer. Two teams will rotate weeks during the summer. Commitment is dictated by the weather.

**Before school setup:** Students and/or parents will be setting up the commons for lunch each day, 30 minutes before school starts. This is a semester commitment.

**After school cleanup:** Students and/or parents will be vacuuming and sweeping the floors in the classrooms each day after school for a five-week commitment.

**Athletic Event Assistant:** Students and/or parents will be aiding the athletic office with preparations for school events, such as team parties and senior nights.

**Rental Concession Stand Workers:** Students and/or parents will be serving food in the concession stand during sporting events. This is a school year commitment at various times.

**Book Distribution and Collection:** Students and parents are needed to distribute textbooks in the fall and/or collect them in late spring.
